

BIDDICK PARENT WEEKLY BULLETIN

Week beginning 29th April 2024

Presentation Evening

- Over the coming weeks, staff are nominating students who will be invited to attend our annual Presentation Evening on **Tuesday 25th June**.
- The evening is an opportunity to award students in a variety of categories, including subject specific awards, charity and fundraising, Arts and Music and many more!
- Invitations are being posted out to those lucky students who have been nominated before May half term, so keep an eye out over the coming weeks!

Year 11 Arrangements

- In line with DfE guidance, students do not receive study leave. Subsequently, Year 11 students will remain on site until the day of their last exam (this being **Thursday 14th June** for most students, with the exception of students who study Music and Hospitality and Catering).
- Whilst students are in school, they will follow an amended timetable which will provide students with subject specific booster revision sessions before their exams. Students will be provided with a copy of this timetable next week.
- It is crucial that students attend their booster revision sessions before their exams. These sessions have been designed to prepare students for both exam technique and subject content and will be delivered by subject specialists.
- Result's Day will take place on **Thursday 22nd August**. Miss Moore will be sending a letter outlining more specific details in May.

Year 8 Spanish Experience

- Mrs Pine's Year 8 Spanish group enjoyed a taste of Spain this week.
- To coincide with their current topic of food, they were given the opportunity to try many delights from Spain.
- The group tried various different savoury and sweet dishes and rated the food that they tried.
- Mrs Pine was impressed by their willingness to try different foods and experience some typical Spanish treats.
